A STORY OF A BOY AND A GIRL

WHAT ABOUT ME

BACK TO THE GRIND

I'M HAUNTED

THE CHOSEN

THE HOLY ONES

A KING'S LAMENT

BIOGRAPHY:

Billie Stevens is an American singer/songwriter. He is best known as guitarist and singer in the Southern California bands WANK (Maverick Records) and Handsome Devil (RCA Records), and recently announced his first solo effort with the June 7th release; *"American Youxia"*.

Along with radio and MTV airplay, Billie has put in his time on the road too. Several tours of the US and Canada, including multiple Warped Tours and an AFE tour of Europe has earned him thousands of fans across the globe. He is looking forward to seeing many of them as he puts together his regional support tour of "American Youxia" late 2016.

ALBUM DESCRIPTION:

"American Youxia" (pronounced Yoo-sha) is Billie Stevens' first solo record and it is a Rock Record...

Honest, guitar-driven rock with a great energy spanning a range of moods. Punchy riffs underscore the creative lyrics sprinkled throughout the entire album that travels from punk to rock anthem to acoustic, all in support of an underlying story that gels the entire album together.

Billie's lyrics are clever and original, and his vocals range from punk rage, to heartfelt longing, to contemplative wonder without being screamo or whiny. His guitars are a face-melting flamethrower or an angelic melody, depending on his mood, and there is no denying his expertise in his craft.

With themes and vocal styles that are similar throughout, each song has a different nature. It's not 9 songs of the same stuff like other albums. Each song has a distinct character and mood that contributes to the work as a whole. Listen to the album in track order to get that full story, and then play your favorites a gazillion times in a row because some of them will make you do that.
